Tour Details

Quebec City, the capital city of the Canadian province of Quebec, is not only one of the oldest European settlements in North America, founded in 1608, (12 years before the Mayflower!), but is also a bastion of French culture, and seat of the only francophone government left in North America. The city's historical character is reflected in the architecture of its fortified old town (Vieux-Québec), which was recognized as a United Nations World Heritage site in 1985.

A visit to the Montmorency Falls and the stunning Ile d'Orleans just outside of Quebec City, will also be part of this extraordinary travel experience. You will be able to further enjoy Quebec City as you explore on your own the charms of the last remaining walled city north of Mexico on this continent, with its unique European flair.

This comprehensive tour will leave you feeling as though you have experienced history and the founding of North America, while at the same time experiencing Quebec’s joie de vivre and culinary delights.

**Tour Highlights**

**Dinner at the Garrison Club** – Traditional British clubs have been fashionable in Québec since the late 18th century, and the Garrison Club, the oldest club in operation in North America, is perhaps one of the genre’s finest examples. The military officers who founded the club welcomed members of Québec City’s political and business elite who adopted it as a favorite place to meet and exchange views.

**Walking and Bus Tour of Quebec City** – We will visit the only walled city in North America. Fine old buildings and proud monuments line the winding streets, picturesque lanes and public places. A stop will be made at Place Royale, the cradle of French civilization in North America. It is the heart of old Lower Town along the St. Lawrence and represents the greatest concentration of 17th and 18th century buildings in North America.

**Guided Tour of the Quebec Museum of Fine Arts** – In addition to visiting this museum’s impressive collection that includes over 38,000 works of art, which offers a comprehensive overview of Québec art from the 17th century to today, you will also have the opportunity to tour the newly constructed $100 million Pierre Lassonde Pavilion.

**Tour of Montmorency Falls & Tour of Ile d’Orleans**
Native Americans lived on the Island of Orleans long before Jacques Cartier set foot on it in 1535 and named it in honour of the Duke of Orleans, son of François I, the king of France. Starting in 1650, the French slowly settled the island, introducing the feudal (seigneurial) system, which encouraged the development of agriculture and introduced cottage industries.

A guided visit of the village of Sainte Pétronille, often referred to as “the tip of the island”, will highlight the beautiful ancestral homes of those wealthy residents who enjoyed the island during the summer months. From this vantage point, participants are able to admire Montmorency Falls, the Beaupré coast, and Québec City, perched high upon the steep cliffs. The tour will conclude with lunch at a picturesque local restaurant in Sainte Pétronille.

**Dine – Around**
For Monday evening, two exceptional restaurants have been selected, and we will reserve tables on your behalf. The price of this dinner is included in the tour package and includes a cocktail, 3-course dinner and wine with your meal. Please mark your selection on the registration form.

- **Restaurant Le Continental** – One of Quebec City’s more formal restaurants. Be prepared for an old-school French cuisine experience! [www.restaurantlecontinental.com](http://www.restaurantlecontinental.com)

[www.saint-antoine.com/restaurantpanache](http://www.saint-antoine.com/restaurantpanache)

**Museum of Civilization** – A fresh and often unexpected look at the human experience. With original and bold exhibitions, the museum transports you into the great cities of the world, fascinating ancient civilizations, significant sociocultural movements and the heart of Québec society.
